ORE OFFICE MEMORANDUM  
EPB NOTICE NO. 1-50

9 January 1950

1. There will be a meeting of the Estimates Production Board on Wednesday, 11 January 1950, at 1430 hours in Room 2519, "M".
2. The Board will consider the report of the Committee appointed at the last meeting to study the methods of coordination of the D/FE Production Plan, a copy of which report is attached.
3. The Board will also be asked to consider the appointment and terms of reference of an ad hoc committee on an ORE production plan. The tentative terms of reference are as follows:

The Committee will study and make recommendations to the EPB on an ORE plan for the production of intelligence needed to support the policy-making bodies of the Government. This plan should be broad in scope and should take into consideration the production capabilities of all the US intelligence agencies. Such a plan will be coordinated with the IAC agencies in fulfillment of the CIA directive for coordination of intelligence planning.

4. The Chairman of the Committee will be [redacted] The names of other proposed members of the Committee will be submitted for approval of the Board at the meeting on 11 January.
